BLUE AQUA

LACQUA23 will be the 2023 Annual meeting of the Latin American & Caribbean Chapter of WAS. Following upon the previous successful LACQUA meetings, LACQUA23 will bring back international attention to the aquaculture industry of Panama and Latin America.

LACQUA23 will be held in Panama City, the capital of Panama. Panama is a cosmopolitan, dynamic city, where the modern and the traditional come together to create a cheerful and relaxed atmosphere. Panama, the hub of the Americas, makes a great venue for LACQUA23.

The aquaculture sector of Panama (fish and shrimp together) is one of the main export items of the country. The most cultivated species in Panama are fish (tilapia, cobia, pámpano) and shrimp.

BEYOND THE CONFERENCE

The conference will be held in three languages for spoken and written materials. The conference will include all major aquatic species cultured in Panama and the other LACC countries with a special focus on tilapia, trout, shrimp and marine species.

INTERNATIONAL EXHIBITION

There will be an exhibition of aquaculture suppliers from around the world displaying the latest in equipment, supplies and services. As well as national entities.
