09th November, 2024

Respected Hiring manager,

I would like you to consider my application for the post of Fish Farm Technician in your company. I am an Aquaculture Technician with over 9 years of experience. Throughout my career, I have gained extensive knowledge and experience in aquaculture specifically in fish farm and shrimp farming. I have successfully managed single phase & double phase shrimp farming of white leg and monodon; also have experience of raceways and Biofloc technology at IPFACA, Ecuador, South America. My keen eye for identifying water-borne diseases and other health issues in shrimp and fish. I believe that my skills and expertise make me a strong candidate for this role.

In addition to my practical experience, I am holding Master's degree in Aquatic Biology and Bachelor's with a focus on main subject Chemistry and sub-subject Physics, with taking this advantage having great experience and skills in taking various measurements, such as water temperature, DO, pH, salinity and other basic and laboratory tests and measurements. I have excellent skill for sampling, data collection and managing farms. I am enthusiastic about farming and learn more and latest things and technologies for aquaculture.

I am particularly excited about the opportunity to join your company because of reputation for embracing new technologies and advancements in aquaculture. Your commitment to staying at the forefront of the industry aligns perfectly with my own enthusiasm for learning and adopting the latest methods and technologies in fish farming. I am confident that my experience, skills and passion for farming will make me a valuable asset to your team.

I have developed a strong work ethics and ability to work well independently and as part of a team. I'm organized, detail-oriented and able to manage multiple tasks simultaneously. I am excited at the prospect of discussing this further with you and look forward to hearing from you.

Thank you for considering my application. I am eager to contribute to the continued success of your company. Please find my attached resume for your review.

Sincerely

Mr. Shaileshkumar N. Soni

RESUME

Mr. Shaileshkumar N. Soni

PROFILE

Holding graduate degree in Chemistry and post graduate degree in Aquatic Biology. I've completed training Programme on "Eco-Friendly and Sustainable Shrimp Farming" conducted by MPEDA. Worked as Sr. Technical Officer in Mayank Aqua Products, Surat from 1st June 2015 to 31st December 2022.

I have been trained and working under the guidance of Dr. Manoj M. Sharma, who is internationally established authority in Shrimp Farming and with Dr. Uday Sethi.

I like to accept challenges and prove my ability with positive approach.

STRENGTHS

My confidence and determination.

Good management and organization skill.

Accept responsibility and team work.

Good communication skill and self-motivated.

I love being creative and developing and innovating.

WEAKNESS

Impatience: I can be eager and unmindful.

Delegation skills: Sometimes I have a hard time delegating tasks and I can be controlling, protective, and demanding.

Too Detail-Oriented: Sometimes I focus so much on a certain details and I can be a micro-managing.
