JOB EXPERIENCE

Program Officer - Upstream Operations

2019 - Present

Uganda Fish Processors & Exporters Association (UFPEA)

Am currently tasked with the following roles;

- Preparing strategic plans and project proposals in line with UFPEA objectives and goals,
- Collecting and maintaining a database on fish exports from member companies, preparing and appropriate monthly reports.
- Representing UFPEA in meetings and workshops whereby am expected to present the association's interests.
- Act as Secretary to UFPEA Executive Committee meetings and submit minutes in time.
- Prepare reports on issues and events happening in the sector as and when needed.

Fish Farm manager

2018 - 2019

Ssenya Fish Farm

As the farm manager on the farm I participated/ oversaw the following;

- Hatchery management and maintenance daily to prevent mortality.
- Record keeping on the farm of all activities, inputs, and outputs on the farm.
- Tilapia and Catfish breeding from the hatchery to the grow-out section.
- Pond construction and repair
- Fish packaging for customers
- Feeding of fish and fry Grading of fish fry
- handling paperwork and keeping administrative records
- recruiting, training/instructing, and supervising farmworkers
- making sure that work progresses satisfactorily
- keeping up-to-date knowledge of pests and diseases
- ensuring that the farm is profitable and meets projected financial targets

Fisheries and aquaculture technician - Internship

2017 - 2018

Bulindi ZARDI Hoima

During my stay, I was tasked with

- Cage management of the institutions cages in Lake Albert
- Pond management including repair and maintenance.
