HIGHLIGHTS OF QUALIFICATIONS

- Experience in the aquaculture-fisheries industry - Solid background in oceanography
- Proficient in MS Office, GIS, R, AquaManager, CTRL
- Multilingual: French (Native), Spanish (Fluent) and English (Fluent)
- First Aid : 7 years of experience, First aid trainer, Coast guard and subaquatic accident safety

SKILLS

Field laboratory work and production

- Echo-sounders, GPS, DGPS RTK, pressure sensors, aquadopp, CTD, ADCP, thermographs, Niskin bottle, benthic room
- Optic spectrometer, electronic and scanning microscope
- Different kind of culture and breeding (fish, invertebrate, algae, microorganism)

Management and Estimating

- * Managed a scientific and production team
- * Supervised drafting of structural drawings, construction specifications and project schedules
- * Reported project progress to customers according to their requirements * Estimated projects' quantities and costs

EMPLOYMENT HISTORY

Project manager - Merinov, Canada <i>Wolfish (Anarhicas minor, A. lupus), Morone saxatilis, Saccharina latissima, Palmaria palmata, Canadian Council on Animal Care</i>	2020-2024
Research Assistant Internship – Oceanic Science Center (MUN), Canada <i>Cucumaria frondosa</i>	2019
Research Assistant - Instituto de Ciencias Marinas y Limnológicas (UACH), Chile <i>Gracilaria chilensis genetic</i>	2018
Project Chief - Osu Orem, France <i>Ulva lactusa</i>	2017
Research officer - Eole-Res, France <i>Marine wind farm impact on environment and fisheries</i>	2013
Aquaculture Technician - Lautan Production, Thalassa Aquarium, Poisson-vivants <i>Freshwater and marine water species (fish, invertebrate, algae, micro-organism)</i>	2009-2015

EDUCATION HISTORY

M.S. Degree in Oceanography and Marine Environment research Sorbonne University, France	2018
International post-graduate diploma in Aquatic Production Management Montpellier University, France	2017
Bachelor's Degree in Life and Earth Sciences, specialization in Oceanography Aix-Marseille University, France	2015
University Diploma in Agronomy University of Avignon and the Pays du Vaucluse, France	2013

Publications

Tremblay-Graton A, James B, St Pierre A, Levesque M, Blier P. 2021. Technical-economic pre-feasibility study - Aquaculture potential of different freshwater fish species. Merinov.

Vacelet J, James B, Zibrowius H. 2017. New records of the hypercalcified sponge *Plectroninia* (Calcarea, Minchinellidae) in the recent deep ocean. Alcheringia (eds.).
